JOB CORPS IS BACK!

Enrollment for new Applicants Resumes After Background Check Pause Lifted

What Happened?

Since March 2025, new student enrollment was paused due to a nationwide hold on Criminal Background Checks.

That pause has now been lifted and background checks are now being processed nationwide!

Funding has been approved for FY 2027.

This is more than a win-it's a promise. A promise to young adults that when we stand together, speak up, and advocate for ourselves and others, real change happens!

What's Next?

Make sure you're ready to go! Here's your checklist:

- Update your contact information in your MyJobCorps Account at enroll.jobcorps.gov
- Submit all required documents to your Admissions Representative
- Attend your orientation and one-on-one interview
- Once all steps are complete, and your background check has been completed, your application will be processed and submitted to the Job Corps center that you and your admissions representative discussed during your one-on-one interview.
